

Appearance

Description

- Universal input voltage (AC 85V ~ 264V)
- High efficiency
- Low power consumption
- Compact design (compact, lightweight, low profile)
- Voltage adjustable
- Built-in remote control function (optional)
- Power factor improvement

Output

30W, 50W, 75W, 100W, 150W, 200W, 300W

Compliant

UL62368-1
EN62368-1
Durham law

EMI

Compliant with CISPR 32 Class B,
EN55032 Class B

Application

Industrial equipment, medical equipment,
home appliances, various applications

Development Roadmap No Peak
